WASHINGTON, D. C., SATURDAY, NOVEMBER 17, 1894

No. 23

THEY SAY.

Never make promises.
Always keep them if you make them.
Your friends you must not disap-
point.
The Defender is here to stay.
The Bee is the People's Defender
and a great Colored American.
Cooper should have joined the band
when he was asked.
He sees his mistake now.
He is liberal and a jolly good fel-
low.
You can always tell when a person
is stating an untruth.
A person that is not used to much
will put on more airs than a thorough
bred.
A person of good breeding will
have good manners.
It is too late sometimes to do all
that one would like to do.
If you don't intend to keep your
promises never make them.
The Bee is the old reliable.
A paper doesn't necessarily abuse
you when it tells you of your faults.
Condemnation of your faults is not
necessarily abuse.
Mr. Charles R. Douglass made a
charge against the editor of the Bee
of which he is not guilty.
The Bee is willing to bear its own
ills, but not the ills of others.
People will often use others for
their own benefit and afterwards
condemn them.
Let us be truthful in all we say.
You will not starve your friends
and feed your enemies.
Act well your part and nothing
more.
We are often held responsible for
the mistakes of others.
Don't laugh at other people's mis-
takes.
You may fall in the ditch that you
dug for others.
No man is without a fault.
In '96 there will be a negro judge.
No man has ever grown fat off the
attacks of the Bee.
Some people have been fools
enough to say so.
Mr. Benedict is a friend of the ne-
gro, the esteemed New York Age to
the contrary notwithstanding.
Do you believe in the truth?
Go so never fail to tell it.
If to the Holmes House, 333 Va.
avenue sw.
You will be well treated.
The Philadelphia House is one of
the best in the city.
The genial Jesse Roy is still there.
Pete Meredith is the proprietor of
that place.
Bob Keys knows a good thing when
he sees it.
Don't abuse a man because others
do.
If some one else speaks ill of your
neighbor, don't you.
Never say that which you cannot
face.
It is well that you Bee a good De-
fender and a Colored American.
Some Defenders of the people are
very poor Colored Americans.
A Colored American may some-
times tell the truth and be a poor
Defender.
Let every man join the Home Rule
Club.
It is the people's Defender and
will admit all Colored Americans.
There will be a negro in the next
Cabinet.
Don't be surprised if we should
meet the man.

Reforms are needed in the High
School.

The Bee is not obligated to a sin-
gle person.

Speak well of your neighbor.

Don't believe all that is said to you.
A person that knows everybody's
business knows but very little of their
own.

Do as you think best.

Do all that becomes a man and
nothing more.

Do your duty and nothing more
can be expected of you.

Read the Bee and be happy.

ALEXANDER PETERSON.

Alexander Peterson was caught on
his way to the Baltimore and Potomac
express on Monday night and brought in
to court Tuesday. Peterson, who has
made a bad record on account of his
many escapades, won but very little
sympathy. His counsel had asked for
a jury trial, but Peterson wanted to risk
his case before Judge Miller, notwith-
standing what the judge said that
caused him to forfeit a collateral of fifty
dollars. Peterson told a pitiful tale of
woe that won the sympathy of Judge
Miller, who had fully made up his mind
to deal severely with him. For the first
time in the history of the judicial car-
eer of Judge Miller his sympathy was
reached on Tuesday when Alexander
Peterson stood up before him and was
willing to risk his fate with him.
Peterson was fined one hundred dol-
lars and allowed to return to New York.
He is a wiser if not a happier man.

NEGRO SILK FACTORY.

ONE TO BE ELECTED IN RICHMOND
AT A COST OF \$80,000.

(From the Midland Express.)
Solomon cynically said that there is
nothing new under the sun, but if he
were living now he probably would
say that he was a Negro. The ancients
had a saying "Ex semper ali-
quid novum Africa." It is Africa
or rather the descendants of them that
furnish another proof of the truthfulness
of the ancient's observation. There is
something new under the sun, and it
is a silk factory to be erected in Rich-
mond next year. Says an exchange in
regard to this plan: "It is well known
fact that no Negroes are employed in
textile mills anywhere except perhaps
in the engine room. Some of the lead-
ers of the race now have an eye on
bringing the man of color into promi-
nence in the textile world. A wealthy
colored man of New York City, Ben-
jamin F. Hunter, is taking the initiative
in the matter, and has purchased
through his attorney, Henry F. Johnson,
a plot of ground in Richmond, Va.,
upon which he will build in 1896 a large
silk factory, which when completed,
will cost \$80,000, and will furnish em-
ployment to 120 colored men and single
women. It is the further intention in
the course of two or three years to have
at least six large factories operated by
Negroes going at full blast in the South.
Mr. Hunter has a high standing among
his race and enjoys their confidence.
He wishes to furnish employment for
at least 1,100 colored men and women
in the near future.
The result of these experiments of
colored people in the textile business
will be watched with great interest.

THE HIGH SCHOOL.

THE GROWING NECESSITY FOR A
CHANGE. — MRS. TERRELL STILL
EMPLOYED.

The necessity for an immediate
change in the high school is grow-
ing every day. The pupils do not
receive the training that they re-
ceive in the white high school.

Mrs. Robert H. Terrell, a married
lady, still holds the place in the
high school that should be held by
some one else.

The popular sentiment is in favor
Prof. H. M. Brown to succeed Prof.
F. L. Cardozo.

Miss Jones of Kansas City, Mo.,
will not be appointed in the high
school.

The high school cadets are be-
coming to be very popular.

A COLORED JUDGE.

AS OTHERS VIEW IT.

(From the Omaha Enterprise.)

The Washington Bee is pushing the
demand for a negro to sit as one of the
police judges of that burg, because the
present judges are prejudiced to black
people. The claim of gross discrimina-
tion is the ground, in favor of white
people. The negro is practically denied
the right to testify in the police courts.
His evidence is never considered or given
any weight except to increase the
fines. We know that you have rea-
sonable grounds for complaint, so keep at
it till you do something.

CROSSING ACCIDENT.

A Freight Train Crashes Into an Electric
Car.

Chicago, Nov. 12.—An electric car
was struck by a Union Stock Yard
and Transit Company freight train last
evening at the Green street crossing.
The following passengers on the electric
car were injured: Mrs. Fannie Mc-
Dermott, face cut and body injured;
Mrs. Maggie Williams, back hurt and
internal injuries. Several other pas-
sengers were cut by breaking glass
and bruised in jumping from the car.
The train struck the car about the cen-
tre, breaking it in and shoving it back
on the track. The fact that the car was
taken off the track saved the passen-
gers from being crushed to death. The
engineer reversed his engine in time
to avoid fatalities.

THE DEAD CZAR.

Thousands Pay Their Last Tribute to Re-
spect to Alexander III.

Moscow, Nov. 12.—The funeral cere-
monies over the remains of the dead
Czar, conducted in the old Cathedral
of St. Michael, have never, perhaps,
been equalled. The splendor of Eu-
rope is here and the sorrow of the
people is honestly attested. The city
of Moscow is draped in mourning and
the voices of the inhabitants fall in
grief stricken tones. After the cere-
monies the remains were conducted to
St. Petersburg. Thousands of people
passed before the body of Alexander
III. during the night, and to-day the
leading officials were allowed to kiss
the image of St. Alexander Neusky
that lay on the breast of the dead mon-
arch.

LOTS OF SNOW.

A Severe Storm Raged in Illinois and
Indiana.

Valparaiso, Ind., Nov. 12.—Twenty-
two inches of snow fell yesterday.
There was a heavy snowfall all over
Northern Indiana.
Chicago, Nov. 12.—One of the worst
storms of the season is raging here to-
day. The wind is blowing a gale and
the snow is blinding. Street car traffic
is much interrupted on many lines.
Fort Wayne, Ind., Nov. 12.—Eighteen
inches of snow fell yesterday and traf-
fic is seriously interrupted.

VANDERBILT'S PETS.

The Mongoose One of the Worst Pests on
Earth.

Washington, Nov. 12.—United States
Consul Eckford, at Kingston, Jama-
ica, learning that Mr. Vanderbilt was
about to import mongooses for his
Asheville, N. C., estate, made a report
to the State Department to the effect
that mongooses are a worst pest in
Jamaica than the rabbit is in Australia
or the sparrow in America. He recom-
mends a prohibition of the im-
portation.

What Kind of a Bug Is It?

Jamestown, N. D., Nov. 12.—A
strange insect has made its appearance
in this locality in large numbers, and
it has been the cause of much specu-
lation as to its character, habits and
name. The director of the State Ex-
perimental Station says it is closely
allied to the chinch bug and thinks it
came from South America. The pests
destroy timber mostly.

Afflicted With Beri-Beri.

Perth Amboy, N. J., Nov. 12.—Pre-
parations are being made here to-day
to remove the passengers of the bar-
kenline Patterson from the Navassa
phosphate works. Another one died
this morning, sixty-nine remaining in
a pitiable condition. The men are suf-
fering from Beri-Beri contracted in
the phosphate works.

Lexow at Work Again.

New York, Nov. 12.—Senator Lexow
announced this morning that he will
not let up on the police investigation.
The sessions will commence Monday
next. The star witnesses will be placed
on the stand. A prominent official
will tell where \$15,000,000 secured by
blackmail went.

Suicided From a Window.

New York, Nov. 12.—Mrs. Jennie
Scott, wife of a bookmaker, walked
out of a second-story window of the
Ashland House this morning and was
fatally injured. She registered under
a false name yesterday, and it is
thought to have been an attempt at
suicide.

The Crowd Was Baptized, Too.

San Francisco, Nov. 12.—Several
hundred people were standing on the
wharf yesterday afternoon witnessing
a baptism by immersion, when the
wharf timbers broke, letting the crowd
fall fifteen feet into the water and
tide mud. No persons were drowned,
but several had their limbs broken.

Columbian Half Dollars at Par.

Chicago, Nov. 12.—The Columbian
half dollars have been put on the mar-
ket here at par. The attempt made to
have the Government melt up all un-
sold ones was ineffectual. They are
given out by the department stores at
par.

An Aeronaut Joins the Army.

Denver, Nov. 12.—Ivy Baldwin, the
aeronaut, has joined the army under
the direction of Capt. Glassford, of the
War Balloon and Signal Corps. He
will be placed at Fort Logan, where

STRIKE COMMISSION.

The Annual Report Made by President
Cleveland.

Chicago, Nov. 13.—The United
States Government Commission's re-
port on the strike in connection with
the Pullman trouble has been made
public. The report, which is signed
by Federal Labor Commissioner Car-
roll D. Wright and his fellow-investi-
gators, John D. Kernan, of New York,
and Nicholas R. Worthington, of Chi-
cago, is addressed to President Cleve-
land. The report says that the capi-
talization of the twenty-four roads di-
rectly represented in the General
Managers' Association was \$2,108,552.
617. The number of employees was
221,087. The Commission deems
recommendations of a specific nature
such as the Government ownership of
railroads as premature. The Commis-
sion recommends the establishment
of a permanent United States strike
commission to act as a board of con-
ciliation and arbitration, under the
Massachusetts system. It is also
recommended that chapter 567 of the
United States statutes of 1885-86 be
amended so as to require national
trade unions to provide that members
shall forfeit all rights by preventing
others from working by force or vio-
lence. The Commission does not feel
warranted to recommend the licens-
ing of the higher railroad officials.
The Commission urges employers
everywhere to recognize labor unions
and suggests the adoption of a gen-
eral policy of concession and concili-
ation between labor and capital.

THE ST. LOUIS.

The First American Transatlantic Liner
Takes Her First Plunge.

Philadelphia, Nov. 13.—The St.
Louis, the first modern American built
transatlantic liner, was successfully
launched yesterday afternoon at
Cramp's yards. Mrs. Cleveland chris-
tened the ship, murmuring as she
smote the vessel's bows with a bottle
of champagne: "I christen thee St.
Louis." A notable gathering was
present, including the President and
several Cabinet officers. A dinner was
held afterwards, at which President
Cleveland spoke and urged the neces-
sity of the United States in not only
increasing its navy, but also the mer-
chant fleet.

HELD UP A BANK.

One of the Thieves Shot Dead by His
Companions.

Satina, Kan., Nov. 12.—Three mask-
ed men held up the bank at Spring
Grove, Kan. The men presented re-
volvers and ordered the cashier to hold
up his hands. He did, and in a few
minutes the bank's ready cash was
gone. The cashier opened fire as the
robbers rode away. One robber fell
and his companions turned back and
shot him dead to save themselves
from exposure. The amount of the
booty is not known.

Woman Suffragists in Session.

Ithaca, N. Y., Nov. 13.—The first
session of the twenty-sixth annual con-
vention of the New York State Woman's
Suffrage Association was held here
last evening in the Lyceum
Opera House. Mrs. Jean Brooks
Greenleaf, President of the association,
presided. President Schurman,
of Cornell University, delivered an
address of welcome. Mrs. Jean Brooks
Greenleaf reviewed the progress of
woman suffrage in New York State.

Floods in England.

London, Nov. 13.—Recent heavy
rains in several districts of Great
Britain have caused floods which have
done damage to property to the ex-
tent of many thousands of pounds. No
loss of life has been reported. In the
Isle of Wight, Devonshire and Corn-
wall the damage has been most se-
vere.

Will Help the Bond Issue.

New York, Nov. 13.—At an informal
meeting of New York bankers, held
yesterday afternoon, the gentlemen
present said that it was decided that
in the case of a bond issue New York
banks would, as heretofore, respond
to the request of the Government and
help it in every possible way.

Leaves Several Million Dollars.

Mount Vernon, N. Y., Nov. 13.—Mrs.
Rebecca Ann Wheaton, seventy-three
years of age, widow of the late Abel
Wheaton, of Kipps Bay, N. Y., died at
her home in this city yesterday. She
leaves three daughters and four sons
and an estate valued at several mil-
lion dollars.

To Unite Christendom.

Rome, Nov. 13.—The Vatican is sat-
isfied with the results of the confer-
ence of the patriarchs, and the Pope
has authorized them to maintain a
resident bishop in Rome to assist in
the plans to develop the Catholic
clergy in the Orient, and prepare for
a union of the Churches.

Big Fire in New Orleans.

New Orleans, Nov. 13.—The Texas
and Pacific Railroad's big cotton wharf
on the other side of the river caught
fire last evening. The entire wharf,
fifty cars and 28,000 bales of cotton
were destroyed. The loss will reach
about \$500,000.

NEW BASEBALL LEAGUE.

A Gathering in Philadelphia Form
Nucleus.

Philadelphia, Oct. 22.—Baseball men
representing six cities quietly gathered
together in a room in the Colonnade
Hotel, this city, Thursday, and after
six hours' deliberation and discussion
Frank F. Richter, editor of Sporting
Life, who acted as spokesman for the
party, announced the formation of the
American Association of Baseball
Clubs with a circuit made up thus far
of Philadelphia, New York, Brooklyn
and Washington in the East and Chi-
cago, Pittsburgh and Milwaukee in the
West. The eighth club is to be located
in St. Louis, Detroit, Columbus or Buf-
falo, with chances favoring the latter.

PEACE OVERTURES.

The London Daily News Publishes a Semi-
Official Statement.

London, Oct. 22.—The Daily News
publishes this semi-official statement:
A day or two after the last Cabinet
Council, China informed Great Britain
that she proposed to negotiate for
peace on certain terms. Great Britain
made overtures to the powers on a
new basis of negotiation. Japanese
did not reply definitely, but has not
rejected the proposals. The majority
of the powers are in accord with Great
Britain and there is a likelihood that
the others will assent.

Gov. Stone Got One of the First Prizes.

Jackson, Miss., Oct. 22.—The Post-
Office Department has a so-called in-
vestment company, of this city, a lot-
tery. William Henry, Adjutant-Gen-
eral of the State, is President of the
concern, and it has been doing a thriv-
ing business for six months. Gov.
Stone was one of the first to draw a
prize, about \$250. He had paid in
less than \$10, and the story of his
good fortune was heralded through the
papers to the great advantage of the
company. The Postmaster here is in-
structed to return all letters contain-
ing money to the writers.

Business Picking Up.

Middletown, N. Y., Oct. 22.—The silk
mills in this city are running at their
full capacity. The new Hartley silk
mill has started with a boom that is
surprising. The ribbon factory of
Selmer & Co. has enjoyed a very suc-
cessful season, and is running at its
full capacity. The Columbia print
works, where only dyeing and printing
of silks is done, has more than it can
do.

Raleigh, N. C., Oct. 22.—The new car
wheel works which have been building
here for several months, began opera-
tions Thursday.

Shot Her Betrayer.

New York, Oct. 22.—Donatto Robato,
an Italian bootblack, aged twenty-four
years, was shot and probably fatally
injured on One Hundred and Twenty-
fifth street Thursday by his sister-in-
law, Mary Robato, aged twenty-
three. She said that the victim was
her husband's brother, and that after
being criminally intimate with her he
had told his brother that she was not
true to him. When her husband ac-
cused her she thus got revenge.

She Married for Spite.

Pittsburg, Oct. 22.—Sult has been
brought for desertion and non-support
by Mrs. Elmer L. White against her
husband of this city. Mrs. White is
about twenty-five years old, a little
above medium height, and has an oval
face. She said Thursday: "He married
me for my money, and I married him
for spite, and we have been leading a
cat-and-dog life ever since." Mrs.
White's people are wealthy.

Two More Tramping Wager Winners.

Pittsburg, Pa., Oct. 22.—Samuel F.
Jennings and Leon C. Tinker, of Way-
land, N. Y., passed through Pittsburg
Thursday on their way from Roches-
ter, N. Y., to Tallahassee, Fla., on a
wager. They started on October 1,
and must reach Tallahassee on or be-
fore December 25. They arrived in
Pittsburg two days ahead of time.

They Hold Col. Colt Responsible.

Washington Court House, O., Oct. 22.
—Intense indignation prevails here
against Sheriff Cook and Col. Colt.
Gov. McKinley will be asked to dis-
miss Colt from the National Guard, for
the people here hold him responsible
for the killing and wounding of the
people.

Laughed Himself to Death.

New York, Oct. 22.—Elizabeth Cart-
ney, aged thirty-five years and em-
ployed in a hat factory in Brooklyn,
made a humorous observation to a
companion and set to laughing. She
laughed for five minutes and then fell
from the seat dead.

Chung Yon Tsing Gone to Chinese Heaven.

Washington, Oct. 22.—Chung Yon
Tsing, the well-known Chinaman, died
here in great agony after eating toad-

PUBLIC PRINTER BENEDICT.

[From the New York Age.]

The "Washington Bee" says that "Public Printer Benedict is not opposed to colored printers." Perhaps not; but he has removed all those he found at the "case" when he took charge of the office. The devil has no objection to holy water but he keeps his fingers out of it.

The "New York Age" is under the impression that Mr. Benedict is opposed to Negro printers. There has been no man in the Government Printing Office who has a higher regard for the Negro than Mr. Benedict.

If all the Negro printers have been discharged from the Government Printing Office this certainly is news to Mr. Benedict. All of the colored printers have not been removed. As an evidence of Mr. Benedict's sincerity he appointed Mr. B. W. Thompson of the "Indianapolis World" in his office as a printer. For some reason Mr. Thompson failed to take the "case." It was not Mr. Benedict's fault, and as a guarantee of good faith Mr. Benedict appointed him registrar clerk in the war-house.

Mr. Benedict also appointed a colored man to the foremanship of the map room, a place from which a republican foreman removed a colored man, but Mr. Benedict reappointed this man immediately on his taking charge of the office. No man can appreciate Mr. Benedict except he knows him and when you know him you will find a kind man and a positive one.

A DISCRIMINATION.

At a meeting of the School Board of Trustees held on last Tuesday evening, among other business that was transacted, was the appointment of Mrs. M. F. Terrell, wife of Mr. Robert H. Terrell, in the High School, vice Miss Mary Jane Patterson, deceased. There are three unemployed normal school graduates on the bricks who are entitled to appointments under a recent law enacted by the school board. There is also a law that prohibits the employment of married ladies in the schools. This law seems only to operate against certain teachers who do not seem to have a pull on the school trustees. Some time ago certain school teachers were married and certain trustees claimed that they had violated the law and must vacate. The cause was carried to court and the court decided that the action of the board was in violation of law. At a subsequent meeting of the board a law was passed prohibiting married women from teaching but it seems that law only applies to certain teachers. What right has Mrs. Terrell to be appointed in preference to the graduates of the normal school who are entitled to be appointed in the public schools of this city? Mrs. Terrell is a married woman and is not entitled to fill the position in the high school.

EDITOR ASTWOOD'S RETURN.

Hon. H. C. C. Astwood returned to the city from New York on Monday highly pleased with the Republican victory in New York and throughout the country. Editor Astwood had his paper circulated throughout the State of New York by the Republican committee which was an indication that they had their feet wherever circulated.

SUFFRAGE IN THE DISTRICT.

There is a feeling in this city among all classes of people that favor the restoration of the elective franchise. The people are tired of their rights and privileges being denied them, and their property being taxed without representation. There was a meeting held on Thursday evening at the John Wesley Church which was largely attended. Dr. Reyburn presided and Mr. James H. Smith was secretary.

There is as much prejudice against the negro by Northern republican judges as there is by Southern democratic judges.

The colored republicans are satisfied with the way the election went.

THE FIGHT IS OFF.

From this date the BEE declares its fight against Recorder Taylor off, as it seems now to be a question of persecution on the part of white men to which the BEE will not be a party.

Let it be understood that the BEE and the Recorder are friends.

THE NEXT SENATE AND HOUSE

Both branches of the next Congress will be republican. It is left to be seen what recognition the negro will receive at the hands of the republican friends. So far as the editor of this paper is concerned he wants nothing, but it does seem that some colored republicans should be given something worthy of consideration. Does the republican party want to do the handsome thing?

MORE COLORED APPOINTMENTS.

It is stated on good authority that the President will, in a few days, make several colored appointments. Who they will be is not known, but the general impression is that some of the colored democrats connected with the Cleveland State League will receive some of the plums.

The Liberian mission is still vacant, and no doubt Mr. Robert G. Still of Pennsylvania will be appointed. The present recorder of deeds has a candidate and is pushing him for all he is worth. The general impression is that Mr. Cleveland has selected a man and he will be named in a few days.

IT IS A LIE.

The BEE has never at any time said that the incumbent of the recorder's office was a thief. Recorder Taylor will swear out a warrant for Editor Cooper for criminal libel which will give Editor Cooper a chance to prove all he has published. The BEE is responsible for what it says and nothing more.

THE PUBLIC SCHOOLS.

THE PEOPLE DISSATISFIED—THE POOR PEOPLE IGNORED.

There are a number of married people, or rather women, who are prohibited from teaching school simply because they are married, but there are other married people who are allowed to teach school. The people are dissatisfied and they will not be contented until they are given the right of suffrage. The public schools are conducted in the interest of the few; the poor class of people are given no consideration. The appointment of Mrs. Terrell is distasteful to the people. There are three normal school graduates yet to be appointed.

Judge Miller is right when he says that he has no power to suspend the execution of sentences on condition that a person will leave the city. The judge in the lower court takes a different view of the law. Very often persons are brought in and charged with being vagrants, and Judge Kimball tells them if they leave the city, if they are not citizens of the city, he will suspend the execution of sentence. People who are citizens of the United States have a right to go in any State or city in the United States and no judge has a right to compel a person to leave the city. Judge Miller, like all other judges, has the right conception of the law and rights of citizens.

OUR GRADUATES.

OUTSIDERS GIVEN THE PREFERENCE—THE NORMAL GRADUATES IGNORED.

It is very hard after the washerwomen, hod-carriers and others, too poor to dress their children to the height of fashion, that teachers not residents of the District of Columbia should be appointed to positions in the schools in preference to the home school graduates. The latest accessions to the High School are Mr. Lane from North Carolina, brother of Miss Lillie Lane, both non-residents of the District of Columbia, Mrs. Cooper's sister, another non-resident, from North Carolina, and Mrs. M. L. Terrell, wife of R. H. Terrell, a married woman. The people are indignant and the Commissioners are requested to act in the interest of the people and taxpayers of this city. What trustee is responsible for these appointments? Will the District Commissioners investigate these appointments? There is a law prohibiting the appointment of married women, but it seems that there are a certain class of married women that are allowed to teach and others prohibited. What does this mean?

The people are indignant and will call a meeting of the people and protest against it. There have been five appointments of non-residents appointed in the schools to the exclusion of three deserving normal school graduates. What has become of the great number of competent women in the schools? Let the people act.

WHAT WE WOULD LIKE TO SEE.

People do what they say and say what they mean.

Young women less frivolous and more ladylike.

Men appreciate a woman's kindness and not wish for her to do more than she is able to do.

A certain young lady centrally located married to the young doctor from whom she has received so many valuable presents.

Married men keep themselves in their place and not be calling on young single ladies.

Everybody going to the Economy Shoe House to get a pair of those good cheap fine shoes.

Women less deceitful and treacherous towards one another.

The editor of the Kansas Messenger come to Washington so we could teach him a lesson.

Less fools and more wise men and women in the world.

Thomas B. Reed will no doubt see that Mr. Wm. Smith is appointed librarian of the House.

Let there be a colored judge appointed.

THE BEE WOULD LIKE TO KNOW

Who the next Recorder of Deeds will be.

If it will be a District man.

If any more one horse judges will be appointed on the bench.

If the next administration will give the Negroes a show.

If there will be any more discrimination against married women.

If certain married women will be allowed to teach to the exclusion of others.

There is a poodle dog going around Washington on two legs. He barks at every person he meets. He has been taught to call two persons by name, Carson and Chase. He will be carried (West) in '96. He is harmless, but he will be muzzled to keep him from making a noise, as he is fit for nothing else.

HE CAN GET THERE.

Frederick Douglass, the well-known negro orator, preached in the Congressional church, N. J., on the night of the 21st, to a large congregation. His topic was, "The Black Man's Place in Heaven." Mr. Douglass, notwithstanding his advanced age, could be heard all over the church. This too good to let pass unnoticed. We would walk ten miles to hear Mr. Douglass "preach" according to the orthodox standard—National Monitor.

ANOTHER SOUTHERN OUTRAGE

From the Journal of the Lodge.

It appears that the bloody cut-throats of Thibodeaux could not let the election pass off without indulging in their favorite pastime, that of murder.

J. T. Whitehurst was a prominent colored man and quite influential and a Beattie man. In order to get rid of him before the election the cowardly scoundrels plotted his death, which deed was consummated about midnight on Sunday, when he was taken from his bed by an armed mob of white men into the backyard and shot to death.

The following telegram was received yesterday at the republican headquarters on Canal street:

Thibodeaux, La., Nov. 5, 1894.
Gen. W. J. Behan: A dastardly murder was committed here last night. J. T. Whitehurst, a negro employed in the planter's sugar bureau, was taken from his home and brutally murdered. We must act and trace the cowardly authors. Let it be known throughout the length and breadth of the land.

TAYLOR BEATTIE,
Repub. Candidate for Congress.

How long. O Lord, how long!

NOT AT ALL "SUPERFLUOUS"

From the American Economist.

The "Washington Post" has descended to a personal abuse of Governor McKinley in its wild despair at the country's endorsement of the policy of protection. The signs of the times were too much for the Washington organ of free trade, and the Cleveland "skin-pot," which heeded not the ominous rumble of the coming cyclone that swept the country last Tuesday, sustaining McKinleyism in a manner that the strongest friends of protection have never before witnessed.

The governor of Ohio can afford to smile contemptuously at the ill-tempered and blackguardly screed. So can the "ribald and irreverent crowds" who eagerly listened to his words of wisdom. Mr. McKinley is an American patriot fashioned after the model of Abraham Lincoln. He is not of the Cleveland cut. Mr. McKinley loves his country and labors for his country's good—not for that of Europe. The people have shown that they are with him.

The mud slinger of the "Washington Post" has soiled the columns of his paper in a manner that the late and respected Frank Hamilton would have spurned with disgust—a manner that is very suggestive of a Democratic convention with the business management.

There are no competent (?) colored young ladies in this city that can be appointed to the high school.

PETER'S PENCE.

An Interesting Letter on the Subject Received by Mgr. Satolli.

Washington, Nov. 12.—An interesting and important letter has been received from Rome by the Apostolic Delegate, Mgr. Satolli, to be forwarded by him to the Archbishops, who are to distribute it to their suffraganeans. Heretofore the Peter's Pence collected each year in every diocese have been sent directly by the bishops to Rome. Now those collections must be transmitted to the Delegate. Moreover, any individual who wishes to make in his own name a more liberal contribution than he would ordinarily put in the diocesan collection, may do so by addressing it directly to the Pope through the Delegate.

CHICAGO ANARCHISTS.

They Held a Big Demonstration in Memory of Dead Comrades.

Chicago, Nov. 12.—Fifteen hundred Anarchists went out to Waldheim Cemetery yesterday afternoon to attend a demonstration in memory of Spies, Parsons, Fischer, Lingg and Engel, who were hanged for the part which they took in the Haymarket riots. Before the exercises at the cemetery 1,000 of the red-bedecked paraded the streets and marched to the Wisconsin Central depot, where they boarded a train of twelve cars. The train was wrecked at Fourth street, and the passengers had some difficulty in reaching their destination, but no one was seriously hurt.

AGE AND YOUTH.

Old Gen. Clay to Wed a Fifteen-Year-Old Girl.

Louisville, Nov. 12.—Gen. Cassius Marcellus Clay has secured a license to marry a fifteen-year-old girl, and by this time is probably her husband. He lives ten miles from a telegraph station, and it is not definitely known whether the ceremony occurred or not. It is barely possible that Gen. Clay's relatives may undertake to prevent the marriage on the ground of his age and mental condition, but it is a question whether they will have the courage to brave the old "lion of White Hall." Gen. Clay is exactly eighty-four years old. The girl whom he arranged to marry is an orphan named Dora Richardson, barely fifteen years old.

Will Visit Bismarck.

Munich, Nov. 12.—A Bavarian statesman who talked with Chancellor Prince Hohenlohe during his recent visit here says that the Prince will visit Bismarck soon with the Emperor's approval and will seek Bismarck's advice upon all important questions. It is hoped that the bitter hostility of the Bismarck press will be appeased. The Princess Bismarck is reported to be seriously ill, and Dr. Schwenninger has gone to Varzina to attend her.

The Horse Show.

New York, Nov. 12.—The annual exhibition of the National Horse Show Association of America opened at Madison Square Garden this morning. That all former records of the association will be eclipsed is made certain by the number and quality of the entries and the success of the show as a social function is assured. The number of entries this year is 1,274, as against 982 last year.

A Gale on Lake Michigan.

A quantity of wreckage has washed ashore in this vicinity. A steam barge has reported passing a lot of wreckage with a man apparently lashed to the rigging. The wind continues blowing forty miles an hour."

Stole the Ten Commandments.

Newark, N. J., Nov. 12.—Ferdinand Bornstein, President of the Anshel Sfor Lines Hazedek, a Hebrew religious society, yesterday reported to the police that some one had stolen four sets of the Ten Commandments, valued at \$600, from the synagogue. The Choctaws Are Not Rising.

St. Louis, Nov. 12.—A special to the Sunday Post-Dispatch from Paris, Texas, says that persons returning from the Indian Territory report that there is no foundation for the report that the Choctaws are rising up for the purpose of avenging the death of Silas Lewis, who was recently executed for murder.

A Berlin dispatch to the Daily News says the German Admiralty has telegraphed the Admiral commanding the German squadron at the Chinese station to obey the orders of the British Admiral in certain possible contingencies. A Paris dispatch to the News says France seems disposed to entertain the idea of a European conference on the Chinese and Japanese war. A Tien Tsin dispatch to the Times says that responsible Chinese officials appear to be cautious as to the fate of the empire. They attend chiefly to their personal interests such as contracts for furnishing arms. The people are also indifferent. In the vicinity of Moukden they suffer more from fear of the Chinese soldiers than from fear of the enemy. The dispatch adds that the Russian officers on the station have been instructed to conciliate their British colleagues.
